# *Riven's Path*

*(Part 2 of the Roan and Judge Gorey Series)*

Isadora Deese

*Riven's Path*, the thrilling sequel to 2016's *Right of Capture*, starts with the divide between Roan and Judge greater than ever. Parents gone, they choose to take different paths—Roan forward, Judge back. Judge follows a trail of breadcrumbs to a reclusive physicist whose theories on the structure of the universe give Judge hope he can undo what he's done. On the run from Dimond, Roan finds herself the unwitting star of a traveling road show. Judge and Roan discover new instincts—and new horrors—from the poisoned hollers of Pennsylvania and the beleaguered Cuyahoga River to the endangered Reelfoot Lake in Tennessee and Iowa farms infested by superweeds. The freedom to explore their powers along the way locks Roan and Judge into a dangerous arms race, creating shock waves that could either save our planet, or give it the final shove over the edge.

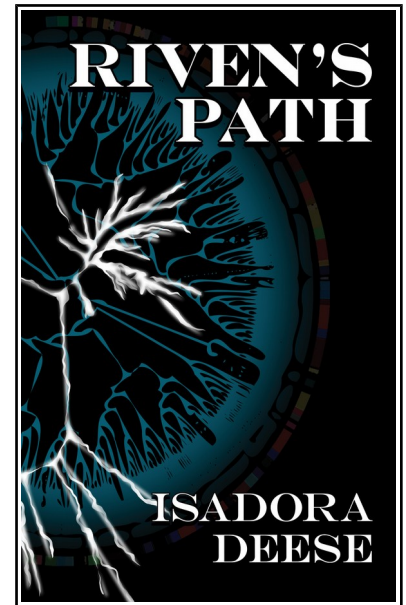

A portion of the proceeds of the sale of this novel goes to the Native American Rights Fund (NARF). For more information about the critical work NARF is doing: <https://www.narf.org/>

### About the author

A native of Kentucky, Isadora Deese is a graduate of Indiana University and Boston University Master's Playwriting Program. Isadora helped coordinate some of the first iGEM (International Genetically Engineered Machine) competitions at MIT. She co-wrote *Adventures in Synthetic Biology* with Drew Endy and the Synthetic Biology Working Group, illustrated by Chuck Wadey, which in 2005, was the first comic to be on the cover of *Nature*. She is married to writer and historian R.S. Deese. They live in the Boston area with their three sons and two cats.
